■ A. M. GARSIA, University of California, San Diego, gave a colloquium to the Department of Mathematics.

NOTICES

COMMITTEE TO ASSESS UNIVERSITY STUDENT SERVICES

The Board of Governors has formed a Committee to Study Student Services on the campus. The Committee is to study student services in the widest sense, and report back to the Board with recommendations before planning begins for the next budget year.

The members appointed to the Committee are: ERIC HANSON, Professor of Economics (Chairman); PETER SAVARYN, a member of the Board of Governors; GEORGE MANTOR, President of the Students' Union; and PETER FLYNN and LLOYD UNTERSCHULTZ, alternating as representatives of the Graduate Students' Association.

The University now provides student services in the areas of academic and personal counselling, health, athletics, foreign student advising, freshman orientation, special publications, and student affairs. The Committee is to study student services on the campus in terms of what is good for the University, and also what the University can afford. There is no presumption by the Committee that its object is to eliminate existing programs. Some of them may be

phased out as a result of the Committee's findings, but new ones may well be added.

The heads of student services on the campus are now being asked by the Committee to submit replies to a list of questions intended to establish the scope of their services. After these replies have been received, representatives of each service will be asked to meet with the Committee and discuss the questions further.

At a later date the Committee intends to advertise for submissions and comments on student services from all parts of the University community. It is planned also that the Committee will arrange for a questionnaire to be circulated to student users of these services so that their experience may be made available to the Committee.

OPPORTUNITIES FOR GRADUATE STUDENTS

From now on FOLIO will list under a special section of "Positions Vacant" details of various graduate fellowships, research assistantships and the like for which notices have been received in the Faculty of Graduate Studies and Research. These notices were formerly posted in the faculty office, but it is felt that they should receive wider publicity.

Space limitations mean that only the main facts can be given. Further information and full details will still be available from the Faculty of Graduate Studies and Research, 2-8 University Hall, telephone 432-3642.

PLAY EQUIPMENT NEEDED

The Department of Physical Education needs used play equipment suitable for children aged three to five years for a physical activity program for preschool children. Tricycles, wagons, jump balls, wheelbarrows, building blocks, plastic balls and bats, etc., are all needed. If you have anything to give, please telephone 432-4088 to arrange for pick-up.

POLISH CULTURE SOCIETY

Members of the University community who are of Polish origin, or Polish-speaking, might be interested in meeting each other. Those who would like further information should telephone K. KOWALESKI, Surgical-Medical Research Institute (432-3386), or KAROL KROTKI, Department of Sociology (432-5234; leave message), stating name, address, and telephone number.

BOREAL INSTITUTE LIBRARY HOURS

The Library of the Boreal Institute for Northern Studies will remain open until 9 p.m. Monday through Friday until the week ending May 31, 1974 (with the exception of the three-week Christmas break).

Although some swimmers turn in their towels at the first sign of snow, the University's pools continue to experience heavy use through the winter months. Programs offered this year will include diving, canoeing, and life saving clinics. For details, see "Notices."

CONFERENCE ON 'MAN AND HIS ENVIRONMENT' TO BE HELD NEXT MAY

Politicians, environmentalists, scientists, and social scientists from 20 countries will be in Banff next May 19 to 22 for the second international conference on "Man and His Environment." The Conference Chairman will be M. F. MOHTADI, Professor of Chemical Engineering at The University of Calgary. Topics will include natural resources, limits to growth, population, production and pollution, man in the technological world, and social, economic, and moral issues.

The conference is sponsored by The University of Calgary, the Alberta Department of the Environment, the Air Pollution Control Association, the Bar Association of Alberta, the Engineering Institute of Canada, the Chemical Institute of Canada, and a number of other national and local professional bodies.

Anyone interested in preserving the natural environment may attend. Those requiring more information may write to Dr. Mohtadi at The University of Calgary, or telephone him at 284-5754.

AQUATIC CLINICS

The University of Alberta Aquatic program will hold a clinic for springboard diving instructors and for beginner and advanced beginner divers (children) on Sunday, November 4. Other clinics planned are:

Adult basic snorkel diving, *November 17*
Children's basic snorkel diving, *November 17*
Basic canoeing, children, adults, and mixed, *November 18*
Royal Life Saving Society Examiners, *December 2*
Pool operators, *December 8*
Pool programmers, *December 9*

Participants in all clinics should enrol at the West Pool Aquatic Office. All clinics will be

held between 1 and 4 p.m. Further information may be obtained from Aquatic Clinic Program, c/o Supervisor of Aquatics, Physical Education and Recreation Centre, University of Alberta, Edmonton, T6G 2H9.

PAKISTAN STUDENTS' ASSOCIATION

The Friday prayers for Muslims in future will be offered in the Meditation Room, Students' Union Building, instead of the Tory Building. The time is 1 p.m. sharp.

CAMPUS DEVELOPMENT COMMITTEE

Campus Development Committee meetings will be held at 11 a.m. on the 2nd and 4th Friday of each month until the end of the year. This change will be in effect in November and the dates and times given in the FOLIO Monthly Calendar should be disregarded.

CHILDREN'S POTTERY CLASS

The Students' Union Arts and Crafts Centre has announced a pottery class for children aged 6 to 12 years, which will start November 10 and run for five weeks. The fee is \$12. Classes will be open to the general public with the addition of a \$1 registration fee.

Further information may be obtained by telephoning 432-4547.

LADIES KEEP FIT CLASSES

The Women's Intramural Program has organized a series of keep fit classes open to all students and staff commencing November 9. Classes will be held Fridays between noon and 1 p.m. in the Fencing Room in the west wing of the Physical Education and Recreation Centre. The program will be conducted by MISS CLAUDE MOULIN.

EXTENSION COURSES

Growing Up With Chronically Ill Children will be the subject of a one-day workshop to be held Saturday, November 10, 10 a.m. to 4 p.m. by the Department of Extension.

This workshop, the second in the "Focus" series, will deal with such issues as moving the child from dependence toward independence, behavior toward chronically ill children to maximize their personal development, handling guilt feelings associated with having a chronically ill child, and behavior toward and among siblings and peers within the family. It will be helpful to parents of children who have diabetes, leukemia, cystic fibrosis, multiple sclerosis, rheumatic heart, or epilepsy. Discussion will focus on the social and psychological aspects rather than medical ones.

Resource persons include JOHN COOK, Director of Social Services, Glenrose Hospital; P. KINCAIDE, Regional Co-ordinator, Department of Health and Social Welfare,

Services for the Handicapped; C. NORMAN, Department of Educational Psychology; and A. SCOTT, Department of Psychology, Glenrose Hospital.

The registration date is November 5 and the fee is \$4 per person or \$6 per couple. This includes lunch. For further information call the Department of Extension at 432-5055 during the day, or 432-3116 at night.

NATIONAL FILM THEATRE FUTURE ASSURED

Edmonton City Council has awarded the National Film Theatre of Edmonton a grant of \$250, which has assured the continuance of the group's current series of international film classics.

The future of the organization in Edmonton is now also assured as a result of a Canada Council award of \$3,000 for a cultural series of recent Canadian films both French and English in 1974.

Finally, the National Film Theatre/Edmonton has gained recognition by the provincial government for its cultural and instructive activities through an exemption from censorship for the films in the current series of international film classics.
